

Job Description

JOB TITLE: Java Developer

LOCATION: Austin, Texas

GENERAL SUMMARY OF DUTIES: This individual will be responsible for the design and implementation of Java software applications that perform various activities related to extraction, transformation, and loading (ETL) of XML data.

SUPERVISION RECEIVED: Reports to the CTO and VP, Engineering.

ESSENTIAL FUNCTIONS:

- Design and implement Java software components based on functional specifications and requirements.
- Apply leading-edge technologies to design, develop, test and maintain applications.
- Follow approved life cycle methodologies, including the creation of design documentation, adherence to coding standards, and application of unit and system tests.
- Interface with client-facing implementation team to define integration requirements and produce optimal solutions quickly and efficiently.

EDUCATION: BS in computer science, or equivalent education and experience.

EXPERIENCE/SKILLS:

- 1 to 2 years of Java development job experience.
- Academic coursework and projects in Java and XML
- Experience development console-based software applications and the use of text-based configuration files.
- Exposure to open source software frameworks/products.
- Experience with XML transformation technologies such as XSLT and Saxon.
- Solid understanding of relational database modeling concepts.
- Experience with Oracle, MySQL, Apache Derby, or a similar relational database.
- Solid Object Oriented Concept, Design and Design Pattern understanding.
- Familiar with standard concepts, practices, and procedures within a software development life cycle.
- Detail oriented team player with superior follow through.

ABILITIES:

- Ability to communicate effectively with all associates and management at MPV.
- Ability to identify, analyze and solve complex problems.
- Ability to manage time against strict deadlines.

ENVIRONMENTAL/WORKING CONDITIONS:

- Normal busy office environment.
- Occasional evening or weekend work.

COMPENSATION/BENEFITS:

- A competitive compensation package will be provided. Benefits include a comprehensive medical and dental plan, STD/LTD, life insurance, cafeteria plan, a 401(k), stock options, and PTO policy.

PROCEDURE FOR CANDIDACY:
